The warm weather is finally upon us and Song Hill Farm is exploding with life! In just a couple of weeks, the vines have gone from the buds you see above to 12-inch shoots. While spring has started late, the vines are making up lost time and are on pace for budbreak only a few days later than last year. Budbreak is when the clusters blossom before setting into fruit. So far, the clusters are looking very healthy and our first estate crop promises to be a good one. Our plumcots (right) have blossomed nicely as well.

We are releasing our 2016 Pinot Noir to wine club members. Due to the unseasonably cold winters, we did not have any 2014 or 2015 Pinot Noir. However, we finally have it back and it is delicious. We hope you enjoy!

### Upcoming Events.

Sat, June 30 11am – 1pm: Pilates in the vineyard. Come join us for an outdoor pilates class in the vineyard taught by Stephen Wheeler of MetaFITx ([www.meta-fitx.com](http://www.meta-fitx.com)). Afterward we'll have a wine tasting and lunch. Stay tuned for more details.

**Save the Date:** While we were hoping to have a festival on Saturday, June 16<sup>th</sup>, we are not going to be able to because we had a major water leak and the construction has left us with a lot of landscaping repair as you can see to the right. So we are moving our festival to **Sunday, August 19<sup>th</sup> from 2pm to 6pm**. Mark your calendars and come enjoy live music, appetizers, wine, and vineyard tours. We can't wait to see you!
