Spring will be here soon and we've begun winter pruning. As you can see from the photos (before on the left and after on the right), this time of year we are removing about 80% of the vine growth from the prior year so that the vine will concentrate its energy on the healthiest, most productive shoots.

While we currently cannot host tastings, you can still get Song Hill wine! You can purchase wine through our website and you can either set up a pickup time or, if you are in the Rochester, Canandaigua, Geneva areas, we will deliver it to you. Go to www.songhillwinery.com/wines and select "Local Pickup" for both options. Then, from the "Choose Pickup Location" drop down select either "Song Hill Winery" to pick up or "Local Delivery" to have it delivered to you for free. Be sure to indicate in the "Order Notes" section when you would like to come by or when you would like the wine dropped off. And if this is all too complicated, you can always call us at 773-551-9245 and we'll gladly take your order and instructions over the phone. Thank you so much for your support!

This year we are working on adding more festivals to our lineup! The first festival we will have will be a Fragolino Release Brunch on Sunday, June 14th from 12pm to 2pm. Fragolino, meaning little strawberry in Italian, is our semi sweet spumante (or gently carbonated) wine. It is made from the Isabella grape, a European-American hybrid of vague origin which dates back to the early 1800s or late 1700s. It has one of the same aroma and flavor compounds as strawberries, hence the name. We’ll be serving it with a variety of strawberry themed dishes. Look out for updates with details on rsvping for this special event!

Save the dates of Sunday July 12th and August 23rd and look out for updates regarding those festivals. We can’t wait to see you this year!
